

As the weather turns colder it is time to talk to your child about their New Year's resolution for when we return in January. In order for students to be successful, it is essential that they are in the classroom and focused on learning! Students should be in the classroom when the bell rings, and no passes to leave the classroom will be given during the first ten minutes or the last ten minutes of class. This is when direct instruction and assessment are most often happening, so it is our goal to make sure that students are in the classroom during these times. Please remind your child of the importance of being in class.

We will also be focusing more on our cell phone policy. Students should not be using their phones during the school day except with teacher permission. This includes in the hallways. Please encourage your students to turn his or her phone off and put it away in a pocket or in a binder during the school day. Earbuds and headphones should be away as well. Let's start our new year by resolving to make every Pine Grove Middle Student a success. That starts by being in the classroom and focusing on learning! Our home-school partnership is essential to helping our students be successful. Thank you for your support!

From the Pine Grove Middle School faculty and staff, we wish you and yours an excellent winter break and a joyous New Year!
